

RAINCOATS

Constructed of 430 Denier Packcloth, wt 7 oz/sq yd—this tough durable fabric has a polyurethane coating yet it remains flexible and easy to work with. The polyurethane coating makes this fabric waterproof yet light-weight. It is extremely abrasion resistant. It is used to make gym bags, packs, stuff sacks, tarps, ponchos and rain gear.

This one-piece raincoat wraps under the belly and fastens with Velcro ***under*** the top coat so water drips off instead of seeping inside. This is our personal design. The One-Strap Velcro prevents hair from catching in the straps.

Optional flap for harness handle

Measuring neck to tail:

Small	23"
Medium	25"
Large	27"
X-Large	29"

Item DRC
\$49.95

Add \$10 for handle flap
For harness
