

To measure the size of shoes you need, place your dog's paw on top of the printed paw print with his full weight on the paw.

At this time we are making the following sizes **ONLY**

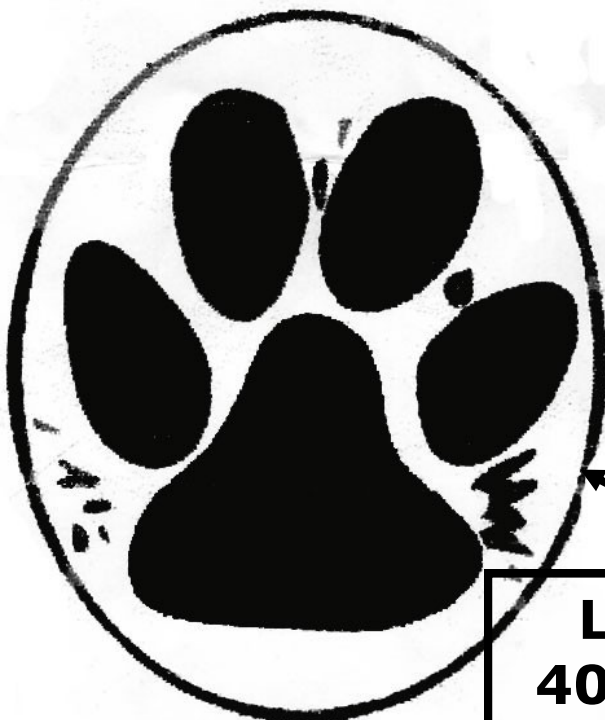

<b>Medium</b>	<b>3-1/4" wide</b>
<b>Large</b>	<b>3-3/4" wide</b>
<b>X-Large</b>	<b>4-1/4" wide</b>

**MEDIUM**  
**20-40 lbs**

**X-LARGE**  
**70-120 LBS**

**LARGE**  
**40-70 lbs**

## SHOE SIZING

**Suggested sizes: These sizes are NOT to be confused with the sizing of the vests**

### **Medium 20-40 lbs**

Cocker Spaniel, Beagle, Corgie, Sheltie, Poodle

### **Large 40-70 lbs**

Springer, Lab, Golden, Collie

### **X-Large 70-120 lbs**

Mastiff, Great Dane, Lab, Rottweiler, Newfoundland, German Shepherd

## **NO EXCHANGES OR REFUNDS**

***Be sure you have measured and selected carefully***

Be sure boots are fitted properly to prevent chafing. They should be snug enough to not slip off, yet not be too tight as to cause excessive pressure.

## WHY OURS ARE DIFFERENT

More comfortable ~ easier to get on and off

To put on the shoes:

- slip the dog's paw gently into the toe of the shoe
- overlap the two edges at the top,
- wrap the Velcro around the ankle securely—DO NOT CUT OFF HIS CIRCULATION
- Initial wearing time varies—give your dog time to get used to his new shoes
